We are happy to relate that Helix High administration officials stuck by their guns and Helix will be part of a new athletic League immediately following the coming basketball season.

Members of the new league will be Helix, Grossmont, Sweetwater, Chula Vista, Mar Vista and the new El Cajon High School when it is completed. Makes real sense to us. Helix is a mighty popular High School here in the Grove and it's our guess that that popularity will pay off handsomely through the turnstiles, particularly if they can play their home games at Helix next year.

'Tis rumored that one of our better known local churches is considering shelling out $100,000 for the purchase of a new site.

Judge Hussey gives a switch-eroo to the old bromide the middle aged driver came up with, to wit: "Judge, I've been driving for 25 years and this is my first accident."

"Yes," says the Judge, "but after 25 years your reactions are slower too."

One beer-saloon operator claims that as a result of Goodwin's recent editorial he was unable to get an on-sale whiskey license from the Liquor Board. Said they refused because of the agitation and resistance of local people.

If this be true, let's have more editorials along the same line. An aroused public opinion can do wonders even when the law sometimes makes the situation appear hopeless.

—ML—

We might add too that at times the outlook must appear hopeless to the editor of a newspaper who knocks himself out crusading for a better community when all he gets are the bellows of rage from those whose toes he's stepped on.

No one man is always right, but we take our hats off to the guy who has the intestinal fortitude to take a definite stand.

—ML—

It appears to us that maybe, just maybe there are signs of an awakening of public interest in this town of ours. Brother, do we need it!

POSTOFFICE TO STAY OPEN ON SATURDAYS

For the convenience of Christmas mailers the post office will be open until 6 p. m. for the next three Saturdays, according to "Frenchie" Faucher, local postmaster.

Men's Club to Plump for 5 Man School Board

Second meeting of the revitalized Lemon Grove Men's Club was held Friday at Michael's. Individuals who attended agreed to re-establish the club on a permanent basis and the membership committee was named.

At the same meeting it was unanimously decided to plump for a five-man school board and to recommend to the school trustees that they use their permissive powers to establish a five-man board instead of waiting for the voters to do it when the school board elections are held in May. Co-operation with the Grove Chamber of Commerce was also promised.

It was also agreed that as many members as possible would appear at the Board of Supervisors Tuesday, Dec. 8th to support the Branch Administrative Center already slated for Lemon Grove.

Among those in attendance at this meeting were James Pearce, Mrs. H. Vernier, Dr. McKenny, George Harnish, Steve Westover, Henry Goldy, Tony Sonka, Norman Lighthart, John Dail, Fire Chief Hensley, Luther Hussey, Max Godwin, Mildred Huebsch and Andy Anderson. Geo. Casteel presided.

Horace Berry Elected S. V. C. of C. President Again

Horace Berry, incumbent, was nominated president of the Chamber of Commerce at a meeting of trustees Tuesday night. The general election will be held Dec. 28. Others nominated were Murrill Meade, first vice president; John Danner, second vice president; Howard Thomas, secretary; George Robeson, treasurer, and Mike Krauss, Anthony Spinazzola and Theodore Phillips, trustees. Hold-over trustees are Albert Peters, C. V. Eskridge and J. William Clark.

Kiwanians Look Good for Ball Game

The baseball game for the "Bowl of Gold" all in the interest of sweet, sweet charity will be played between the Lions and Kiwanis Friday night Dec. 11 at 7:30 under the new lights at the Junior High School Playgrounds.

The game which naturally is admission free will pit the two teams against each other for the third time for a Bowl of Gold made up of contributions from members of the two clubs. Winner will designate what local charity he wishes to contribute the funds to.

In all fairness, it should be pointed out that the Lions have shellacked the Kiwanis on two other occasions, though the Kiwanis will not admit to a fair deal in either game.

One game found the score keeper in the employ of the Lions, while in the other a charge of professionalism was hurled.

The Grove Woman's Club Juniors will have a peanut concession during the game, while the Business Women's League is expected to take an important part in some during-the-game ceremonies.

The Lions team will be under the management and captainship of Bob Von Willer and Dr. Cal Nicholl, while the Kiwanis team will be captained by Jack Durham. Neither team has submitted its batting order and likely a problem will have to be overcome for each. Kiwanis claim that many of the Lion members will not be permitted out at night without their parents while some of the Lions insist many of the Kiwanis members cannot stay awake after 7:30.

Game time: 7:30, Friday, Dec. 11, admission free.

Color TV Available Next Year

Color TV picture tubes will be available to set manufacturers in "limited quantities" in the first quarter of 1954, General Electric announced this week.

The color picture tubes will be 50 inch round, all glass, type producing a picture 12 inches in size.

Tubes will cost set manufacturers "about ten times" the price of black an white tubes, GE recorded.

Salesmen May Get Six Month Permits for Mexico

U. S. salesmen doing business in Mexico now can obtain entry documents permitting repeated visits during a six-month period. A system has been worked out by the San Diego Chamber of Commerce and Santiago Campbell, Mexican consul, whereby a salesman, for a fee of $5, can obtain an entry permit with unlimited border-crossing privileges. The new system is restricted to traveling salesmen.

Before now salesmen who entered Mexico as salesmen could use the entry document only once, requiring many of them to stay in Mexico during the six month period or apply for new crossing documents each time.

The new system is a direct result of the border city conference held earlier this year at Tijuana.

BIG ACE AHEAD OF SCHEDULE

The walls are up and the black top down this week as ahead-of-schedule progress was reported on the Big Ace Market by James M. Bannister, operator of the Big Ace Super Market chain.

Blockwork was completed on the walls of the Broadway to Pacific and Olive to Buena Vista market and 21,000 feet of black top was laid on the west central end of the 3 acre tract. "We were committed to use about 12,000 sq. ft. for covering our right-of-way, but I thought it would be in the interest of our neighbors to cover right up to their driveways," Bannister explained.

"We look to an April 1st opening now with everything going so smoothly," Bannister said. "The only difficulty we've run into has been with the pepper tree which the highway people stopped our contractor from cutting down. We have plans to replace that single tree with a string of eleven towering royal palms, something that will really be an attractive addition to Broadway."

"Many people have asked us about the large basement which our contractor has been working on for the past several days. That

Lions' N. Y. Eve Party to Be a "Wow"

"What a party" might well be the heading of invitations being made to the public by the Lemon Grove Lions for a party set for New Year's Eve at Michael's.

On the menu for the evening are dancing, entertainment, souvenirs, noise-makers, and choice of a dinner of steak, prime ribs of beef or chicken. And as a piece de resistance a bottle of champagne will go to every couple.

The party will be held in the new Acapulco Room and the charge is $5 per person.

Many Grovans, just recovering from the Lions Hallowe'en Dance, look with enthusiasm toward the event.

Some of those who missed the earlier event plan to be in the midst of this one. In any event everyone in Lemon Grove and their friends are invited, according to Dr. Don Johnson, Lion president.

Woman's Jrs. to Back Rec Program

At the business meeting of the Lemon Grove Woman's Club Juniors last Wednesday evening, the club voted unanimously to support the recreation program as proposed by the Build a Better Community Committee co-chairmaned by Barbara Cohanour and Robbie Kraft.

A county federation board meeting was held in Carlsbad on Wednesday.

Planning to attend the Southern District conference at Palm Springs on December 4th and 5th are Lemon Grove Junior president, Mrs. James A. Martin, Jr., Federation Extension Chairman, Mrs. Bert A. Betts, Senior Advisor, Mrs. A. C. Bourquin and Mrs. Leroy Scagliotti, editor of the Southern District publication.

Mrs. Ted Davis will be chairman for the Lemon Grove Juniors' participation in the Christmas party for Lemon Grove children being sponsored by the Chamber of Commerce in conjunction with the Heartland Players on Sunday, December 20th.

It was decided a monthly publication for club members to be edited by Mrs. Scagliotti, would be inaugurated.

The next meeting of the Juniors will be held December 8th at 8:00 p.m. in the Woman's Clubhouse. Mr. Mike Calderone of the Lemon Grove Recreation Committee will be the speaker. By-law revisions will be voted upon at this meeting and chairmen will report on plans for various holiday activities.

NEW C. of C. BOARD CHOSEN

Robert Browne, Mac Bailey, Norman Lighthart and William Nienaber were elected as board members of the Chamber of Commerce Tuesday night.

Hold over members are Bob Gauldin, Max Goodwin, Dorothy Louer, Mrs. H. Vernier, Jack Koop, Roy Lane, James Pearce and Clarence Milbrodt.

A meeting of new and old board members will be held Tuesday at the Justice Court at which time a president will be chosen.

Shops Stay Open Every Night Starting Next Friday

Most Lemon Grove business firms will start staying open every evening until 9 p.m. beginning next week.

A list of 21 business houses incorporated in an advertisement has been running in the REVIEW, publicizing that fact.

These firms will remain open beginning Friday, Dec. 11th. At this point there will be eleven additional shopping days until Christmas.

In addition to late opening by these firms they point out the added advantage of shopping in the Lemon Grove community because there are no parking meters, parking is readily available and there is no city tax.

Among those listed as remaining open are Petite Shop, Michael's, Lindley's Drugs, Lemon Grove Hardware, Lemon Grove Home Auto, Lane's, Lemon Grove Department Store, Walter's Jewelry, Wigton's, Lowe's Toggery, Patricia's, Haizlip's Drugs, Sprouse-Reitz 5 & 10, Style Shop, P. Appliance, McMahan's Furniture, Cressy's, Roberts Upholstery Shop and the Angel Shop.

Open Letter to the Honorable Board of Supervisors

It is a healthful sign that the County Planning Commission has asked the Supervisors for additional manpower. The Commission, under Dr. Willis Miller, director of planning, has asked you for twelve men to carry out planning programs for the "fastest growing county in the United States."

We heartily recommend that this additional personnel be made available to them. It is self-evident that planning is uppermost in the minds of our supervisors. The progressive thinking that is going into the low-level route; that which went into the South Bay project; the Master Plan of Branch Administrative Centers; the Beach Park Acquisition Program; the Master Plan of Sewage Disposal; the Master Plan of Airports; and many more, is concrete evidence that the supervisors are planning-conscious, and are aware of the job that planning can do for a community such as is this county. Supervising without good planning is like driving an auto without a steering wheel. There would be no directional control. No one can deny that the supervisors have done a magnificent job. Nor will the supervisors deny that part of their success has stemmed from good planning.

Small Percentage

The addition of twelve employees to the county's total of 3,300 employees would make a very slight increase percentagewise.

These employees are needed in all departments of the Commission; in administration; in project planning; in advance planning; and particularly in zoning administration.

There is a plan of departmental reorganization which this newspaper has studied carefully and it seems to have all of the merit claimed for it by the Commission.

To bring to public light some of the current pending projects, ones which are being worked on now, we will give a partial list. Revision: Beach Acquisition Master Plan; Basic Zoning Ordinance; Subdivision Ordinance.

Process: Master Plan Branch Administrative Centers; Planned Right-of-Way Ordinance.

Conduct: Fringe area planning and zoning programs for cities of Carlsbad, Chula Vista, El Cajon, Escondido, Coronado, La Mesa, National City, Oceanside, and San Diego.

Provide staff service and guidance for County Planning Congress.

Smog Eyed, Too

Participate in: County smog activities; low-level highways; shoreline planning association; commissioner handbook development; and in four committees of the County Planning Congress.

Prepare and process Community Master Plans for South Bay, Lemon Grove, Cardiff-Encinitas-Leucadia.

Prepare plans and programs for areas around airports and reservoirs.

Prepare and process the following: 1954 Beach Park Acquisition Program; Recreation Master Plan; Sewage Disposal Master Plan; Airports Master Plan; Community Development for Mission Valley-Alvarado Freeway; Kearny Mesa Unit 1 and Kearny Mesa Unit 2; Borrego Valley road plan; Comprehensive Set-back

OPEN HOUSE AT MICHAEL'S FOR BUSINESS PEOPLE

Business people of Lemon Grove will be feted Monday at a "sneak preview" of Michael's new rooms.

Cocktails and hors d'oeuvres will be served from 4 to 6 o'clock "on the house" with Estelle and Henry Goldy acting as host and hostess and guide thru the maze of newly expanded dining, kitchen and bar rooms.

Visitors will see two completely new rooms and one refurbished one. The former Okole Maluna Room will now carry the title of the Flamingo. Another small dining room has been designated as the Coral Room and a large dining room complete with bar and dance floor has been named the Acapulco Room. This room boasts a garden in one end.

The preview, to which every business person in Lemon Grove is herewith invited, will be just exactly one week ahead of the formal opening for the general public. At the latter event a plane load of orchids is being flown from Hawaii for presentation to all women visitors. Many gifts including cleverly printed packages of cigarettes will be distributed to both men and women patrons.

Combining the opening for the public will be Michael's first anniversary. Alice Wallace, well known organist, will entertain from 6 o'clock on the Dec. 14th event. Entertainment however will not be restricted to the organ music. A full schedule of entertainment will begin with dinner hour and will continue until every guest has seen and enjoyed all of the facilities of the dinner club.

The open house will culminate one of the fastest growing periods for any cafe in Southern California, according to Henry Goldy, the club's owner.

Within four months of the first opening it was necessary to double the dining area. A new room, named the Okole Maluna, angled off at the rear end of the main dining room and for several months suitably served the growing patronage. A new bar was installed in the Okole Maluna Room. A few months when it was obvious that the traffic could not be handled in the present quarters, Goldy negotiated with some of the nearby property owners and acquired enough additional space to build the Coral Room. This room runs parallel to the Okole Maluna, now known as the Flamingo. Both of these dining rooms feed directly into the almost ballroom size Acapulco Room and it is in this room which private parties, complete with dancing, will be held. An increase of five times in seating capacity and a similar increase in the kitchen area was accomplished by this new development. The entire establishment has been completely air-conditioned. One of the most complete temperature and humidity controlled plants in Southern California has been installed. The system will operate without draft or noise.

Also acquired was a large area in back of Michael's which is being surfaced for a parking area. A tropical trellis will lead from the rear parking area into the dining room. There will be no increase in prices, Goldy stated.

State Sets Date For Firefighter Foreman Exam

Men with fire suppression experience may qualify for the forest firefighter foreman civil service examination scheduled for January, the State Personnel Board said today. These jobs pay $295 to $358 a month. December 24 is the deadline for filing applications.

Applicants must have either two seasons of experience in forest fire suppression work or six months' experience in charge of a crew of men and three months of forest fire suppression work.

Additional information and application forms may be obtained at the State Employment Department on Columbia Street in San Diego.

An aroused Lemon Grove contingent will be on hand Tuesday afternoon at 2 o'clock when the County Board of Supervisors open hearings on the County Branch Administrative Plan.

To defend the plan which sets up Lemon Grove as a Branch Center will be representatives from practically every organization in the Lemon Grove area and others from the general area.

Reason for the concern is that city of La Mesa. Some of that city's leading citizens have attacked the court element of the plan which has threatened to shake down the entire structure. La Mesa says that a court serving all of La Mesa, Lemon Grove, El Cajon and intermediate points should be established there. They claim La Mesa is the center of the heaviest population. County authorities point out that La Mesa"s circumference includes a large section of San Diego population on the western side of its limits.

The Branch Center in Lemon Grove would house the library, constable's office, a health center and a building inspector in addition to the justice court.

The county already owns some property on School Lane, part of which houses the Lomen Grove Youth Center.

Acquisition of property between the Youth Center and the county's present holdings at the corner of School Lane and Central is being eyed by some of Lemon Grove's civic-minded citizens.

Possibility of losing its court has stirred Lemon Grove at the grass roots level. Fire has been generated into the organizations and almost every organization in town will have at least one representative when the gavel falls at the Tuesday supervisor's meeting.

A list of organizations who have indicated they will be represented at the hearing and the individuals who will represent them are as follows: Mrs. J. A. Martin and Mrs. F. L. Cohenour, Lemon Grove Woman's Club Juniors; Robert E. Sutton, L. G. School District; H. L. Hensley, L. G. Fire District; P. R. Svalstad, L. G. Lion's Club; John Landesco, L. G. Kiwanis; Mrs. Al Huebsch and Mrs. Gerald Howell, Business Women's League; Mrs. H. Irving Vernier, L. G. Woman's Club Seniors; Lee Thompson, Greater L. G. Civic Assn.; L. Foster, Monterey Heights Civic Assn.; Chan Mason, L. G. Review; R. F. Geitzen, L. G. Home Rule Assn.; Robert Gauldin, L. G. Chamber of Commerce.

Spring Valley Chamber of Commerce will also attend.

Winners Named In Toyland Parade Contest

Lemon Grove has the most wonderful girls in the world if the letters examined by the judges of the Miss Lemon Grove-Toyland Parade Contest are any criterion.

So difficult was the decision that the judges decided to not only name a Miss Toyland Queen but to name two additional girls who would serve as her ladies in waiting and ride down the long North Park Toyland Parade route in a decorated convertible amidst dignitaries, flanked by units of the Lemon Grove School Band.

Winners are: Queen, Rosetta Moore, 6341 Marion, whose sponsor said she has "beauty, figure, charm and personality"; one lady in waiting, Sylvia Barr, daughter of Frances Barr, 3722 Costabella, who said that Sylvia is "very photogenic, quite beautiful and possessor of a sweet personality"; the other lady in waiting is Valerie Hoard, 2481 Bonita Ave. whose sponsor said she has shown "beauty, charm, poise, leadership, intelligence, willingness to assume responsibility, and to work well with others."

Winners will meet in Lemon Grove about noon Sunday asd will ride to the marshalling area and take their places in parade pattern and when the bands start playing they will be photographed and televised as the parade wends its way thru North Park to the finish line.

The parade starts at 2:00 p.m. and is expected to last about three hours.

God as Cause and Creator, Christian Science Sermon

The healing force of the recognition of God's perfect creation will be expounded in the Sunday Lesson-Sermon, "God the Only Cause and Creator," in all Christian Science churches.

The Psalmist sang in the Golden Text (75-1), "Unto thee, O God, do we give thanks, unto thy name is near thy wondrous thee do we give thanks: for that works declare."

'Thanks' Say Woman Jrs. After Successful Sale

The Lemon Grove Women's Club Juniors wish to express their appreciation for the many kindnesses and assistance offered by Sol Blanc during their recent rummage sale.

Because of the free and generous donations given by Lanes, Montgomery's, Haizlip's, McMahans, Silver Dime Store, L. G. Department Store, Style Shop, and the Variety Store we were able to make a fine contribution to our charity fund.

Our sincere thanks to the staff of the Review for their patience and co-operation. We realize we could accomplish nothing if we did not have the help of so many and again wish to thank you all.

Faculty representative was Miss Marta Samuels, 4th grade teacher. The boys and girls reported to their classes on their return. A visit from the Tijuana children is planned for the spring.

Sen. Kuchel To Run Again

U. S. Senator Thomas Kuchel announced this week that he would be a candidate to succed himself as U. S. Senator from "my native state of California."

Kuchel said that he had aligned himself with President Eisenhower's broad policies and that he whole-heartedly approved his program to remove the last vestige of political subversion and corruption from the government.

Kuchel co-authored the bill, now law, to return its tidelands to California and also the law signed by President Eisenhower which has saved the state several millions of dollars by eliminating an unfair tax immunity which certain persons formerly enjoyed.

Lemon Grove Civil Defense

By Charles Gurley

In addition to the list of the Staff of the Zone Warden for the Lemon Grove districts, there are a number of important posts to be filled and only await for persons who are specially qualified according to Dr. Frank B. Gigliotti.

In the meantime, we have just learned about a new nerve gas bomb which has recently been developed by the great powers. The Russians have it and so do we but we also have an antidote for it and all speed is being made to acquaint everyone so as to guard against its devastation. We have been told that "One bomb covers a ten square mile area and while it does no damage to buildings," he said, "it can paralize all animal life.

"The antidote," he continued, "is a serum which may be inpected. It is one of the maladona group of medicines and will be available everywhere in this country as soon as possible. We expect to have trained personnel in this locality who will give us all the needed information.

"The Youth's Center building is now available for any and all Civil Defense group meetings. The Youth's Center is located on School Lane, directly opposite the Fire Station. The keys may be obtained by any authorized person from Fire Chief Hensley."

Methodist Men To Organize

Monday, December 7, at 6:30 p.m., the men of the Lemon Grove Methodist Church will meet to organize a men's fellowship. The meeting will be held at the home of Mr. Fred Ward, 3346 Sweetwater Road, and will begin with a planned potluck supper. Mr. Robert A. Bohler will speak. He will outline the place of men in the Christian Church and help in the organization and plan-making of the group.

The men's fellowship is a Christian service group and will undertake projects to benefit not only the church, but also through the church the entire community. Any men interested in such a fellowship are invited and asked to contact Rev. Don Cooke at H9-7862.

Mind Matters . . . (Q) Is there such a thing as Love At First Sight? (A) Strictly speaking, no. Men and women are often strongly attracted to each other at first sight. But you can't love someone you know nothing about. You can be thrilled and excited and this excitement may carry on into love that will last a lifetime. But the love-at-first-sight must deepen into sympathy, mutual understanding, similar views of life, marriage, home, regilion, and children. Otherwise the infatuation will soon fade away.

Senior Section . . . This paragraph is reserved to seniors and senior news. But it's still party-time and the following Helix seniors were seen at a parties-combine at Frank Rose's, Jean Lee's and Wayne McDaniels' home a few week-ends ago. Rosary's Romp . . . Some of Helix's Lads & Lassies, and their friends, alumni, and dates cated down to Rosary High last Wednesday nite to dance to Guy Williams Band, they were: Tom McCabe, Michelle Murphy, Bob Turnbull, Annette Venier, Dickie Proo, Diane Curtis, Jim Duschel, Lynn Holt, Eddie Boyle, Jim Berbe, Carol Young, John Bowlin and Warren Gulko.

—o—

Sorry . . . not enough room. I can't mention everyone's names that goes to the games, dances, etc: so I have devised a new method in trying to get as many people's names as space allows me to. I'll make a list of the students there, pick a letter of the alphabet from a hat and use that letter to put the students' names in the column, if their names (both) begin with that letter. Fair enough? At the Diego game: Dianne Curtis, Dianne Gilmore, Lois Desserick, Dale Gall, Don Rote, Beverly Deem, Dale Harvey, Donalda Beebe, Carol Donohue, Diane Ely, Patsy Drake, Dale McLagan, Lulu Doud and Mike Dickson.

Salvation Army Again 'Ringing The Bell'

The familiar tinkle of Christmas bells in front of the Post Office last week heralded the start of the Salvation Army's annual Yuletide Charity Drive.

The traditional Christmas kettles will be manned until Christmas Day by members of the Red Shield Corps aided by members of service clubs.

Last year Salvation Army provided 1,217 families with Christmas checks or baskets of food; 315 Christmas dinners to single and homeless persons; about 22,000 toys; clothing to 710 needy people; 2,862 "sunshine baskets" of gifts to hospitalized patients and shut-ins in ipstitutions and entertained 3,070 underpriveleged children at 12 Salvation Army sponsored Christmas parties as the result of the community-wide yuletide kettle collection program.

League of Women Voters to Have Indian Guest

There will be no Foothills Unit Meeting in December of the San Diego League of Women Voters, it was announced this week by Mrs. Philip Rudnick, member of the board of the San Diego League. The organization will entertain a guest from India during the week of Dec. 7-14. She is Mrs. Shanti Kabir of New Delhi.

Mrs. Kabir's primary interests are in the educational field and social welfare facilities for women and children.

The League will report conclusions from a study of a local project at a general luncheon meeting set for Saturday at 12:30 in the Continental Room of the San Diego Hotel. Mrs. Ormal Sprungman is chairman of the project which has been a study

Welcome Wagon To Help Keep Shoppers at Home

"Do your Christmas shopping at home" is the theme of the Welcome Wagon promotion in Lemon Grove this year.

Mrs. Lawrence Herder, wife of the well known former school board trustee, represents local business firms as she wends her way to the great number of new arrivals to the Lemon Grove area, giving them advice and guidance on where to shop, how to shop, who will do it and how to have it done.

The Welcome Wagon lady is a strong booster for local business. Most every newcomer to the Grove area gets a call from Mrs. Herder. She calls and explains what various firms in the community have to offer and leaves cards of various types which usually permits the newcomer to get a gift or a special service without cost.

With most Lemon Grove residents shopping at home and with those outside of the area looking to Lemon Grove for shopping convenience, a sharp contrast is drawn with a recent survey conducted in La Mesa showing that 49% of the residents do their shopping elsewhere.

A firm of Los Angeles consultants who were acquired to conduct the survey for La Mesa pointed out that the La Mesa population increased 48.4% from 1950 to 1952 but the sales averaged an increase of only 18.8%.

While various explanations are offered for the divergence between population growth and sales local firms are taking steps, one of which is the Welcome Wagon, to avoid a similar situation in Lemon Grove.

Some of the things the Welcome Wagon lady points out to newcomers is that Lemon Grove has no parking problems, indeed it has no parking meters. Another salient feature is that there is no city sales tax in Lemon Grove.

Additional information about the Welcome Wagon can be acquired by calling the REVIEW, H6-1168, and information will be given to both business firms and newcomers.

EVANGELIST BILLY GRAHAM stopped by to tell President Eisenhower just where he stood with his constituents: "People look up to you as a great spiritual leader rather than a political leader," Billy explained. Local Court Gets Commendation

Commending trial court judges who are imposing jail sentences for drunk driving, the California Farm Bureau Federation is mailing copies of a resolution on the subject to judges throughout the state. The resolution was passed at the Federation's annual convention in San Jose earlier this month.

Pointing to the increasing number of accidents by drunk drivers, causing bodily injury and property damage to innocent victims, the resolution commends the trial judges of superior, municipal and justice courts who are imposing jail sentences for this offense and urges all judges "to continue to invoke jail sentence penalties and suspension of operators' licenses for drunk driving."

Judge Luther Hussey, Judge of the Homeland Judicial Court, was receiver of the commendation in Lemon Grove.

M. H. Concert Ticket Sales To Start Soon

Rehearsals for the coming Christmas Concert, presented annually by the Music Department of the Lemon Grove Schools, are being held regularly by Paul Cheatham, music director for the district. The concert will be presented December 16, and Thursday evening, December 17, at 8:00 at the Monterey Heights School.

Tickets will soon go on sale at the school office and in the various homerooms, with students from the music department acting as salesmen. Proceeds are to be used for the purchase of furthe uniforms and equipment for the young musicians.

Participants in the colorful concert, which includes a pageant of Biblical scenes, are members of the orchestra and various other instrumental groups, and several vocal groups, such as the girls' glee clubs and double trio.

LEON AMES, vice president of the Screen Actor's Guild, came up with a refreshingly frank explanation of Hollywood acting: "The most serious problem facing the actor is lack of employment."

Plan; zoning plans for North Leucadia, West Escondido, Kearny Mesa 1 and 2; Trailer Court Ordinances.

This list includes only non-administrative and non-recurring activities.

With no additional work a full work load is indicated for staff of 24 for several years.

In addition to these additional Planning employees, the REVIEW uncohpromisingly advocates that the Supervisors review the salary scale of present personnel and recommend increases where warranted.

The REVIEW points with pride to the fact that it came out flat-footedly for an increase in Supervisor's pay against the objection of our Assemblyman. I think we've noted better morale in supervising since the increase was authorized.

Yours for better planning,

Mae Warrant of Wire Products holds two pieces of wire art. The little angel with halo, on the left, and hula dancer with guitar, right, were designed and produced in their factory at 7847 Lester.

A thriving Lemon Grove firm, which was given a big boost in business when wrought iron became fashionable, is attracting orders from all over the United States. Wire Products, 7847 Lester Ave., which is one block north of Broadway between Imperial and Grove is in the midst of turning out Christmas sales items by the thousands.

The firm is owned by Charles and Mae Warrant, who first started making wire products in 1950 and lived at the location which is now occupied by the First National Bank. They moved into the specialty field three years ago and the business has thrived ever since.

"You know that we don't get so much for our ingenuity," laughed Mrs. Warrant, who was born in San Diego, "all of our merchandise is sold by weight."

"We get a chuckle out of seeing our mechandise displayed at places like Laguna Beach," remarked Charles Warrant. "We've even seen some of our stuff marked as manufactured by artists but it was made by us right here in Lemon Grove."

"We are presently working on a San Diego order for 500 wire balls, 500 snowmen, and 500 trees. Naturally, it's a Christmas order and we have to rush to get it out so that it can be on the retailer's shelves before the Christmas sales are over," Mrs. Warrant said.

"One of our regular items is wire umbrellas," Charles said. "You know the kind, they're hung inverted on the little girls' arms at weddings. They are trimmed in ribbons and flowers and they add considerable beauty and grace to the weddings."

"If it can be made out of wire," the couple said, "we can make it either in quantities of one or one million. Some of the products we've made have been so complicated that you could almost classify them as murals in wire. Naturally, we have to set up a different system for handling various elements of it so that production can be built up. Every order offers new problems in production. Nothing, however, is so intricate that we wouldn't take a swing at it."

The largest item was the top of a float which was entered in the Vista Parade. This was fabricated entirely of black wire, 8 feet across and 10 feet high. The float went on to win a prize in the parade.

Wrought iron, the couple point out, is a misnomer as it is used today. What is called wrought iron generally is wire with a special dull black paint on it to give the wrought iron finish.

"It's more durable that way," the couple said.

Make Xmas Safe is Traffic Safety Plea

"Don't Let a Traffic Accident Spoil Your Christmas Holiday."

This will be the theme of the San Diego County Traffic Safety Council for the rest of the year as the fight against traffic deaths swings into the final stages of 1953.

Bill Howell, State Highway Department Safety Traffic officer, said that the department he represents would do whatever possible to cut down the terrible slaughter that listed 235 killed in the county last year.

O. W. Todd, Jr., member of the county board of the Traffic Safety Council, said that the entire county may show an approximate 25 per cent reduction in traffic accidents, injuries and fatalities, but he warned it will only be possible if every driving and walking citizen takes extra precautions between now and the end of the year.

The Traffic Safety Council's advice is "If you drink, don't drive," and "If you drive don't drink."

State to Give Exams for Two Career Classes

Examinations for two State civil service career positions were announced this week.

The examinations, to be given in January, are for Junior Real Property Agent, with a salary range of $325 to $376 a month, and Administrative Trainee, a beginning classification for persons who want to enter administrative and management fields of State service, paying $295 to $341 per service, paying $295 to $341 a month.

California residence is not required for the Junior Real Property agent examination, but the usual one year's residence applies to the Administrative Trainee class. Applicants qualified for one examination may also take the other.

Requirements for the Junior Real Property Agent position are graduation from college or two years' experience in the acquisition of real property for public use in California or two years in appraisal and valuation work in connection with the transfer and sale of real property or in right-of-way engineering work, title searching or title examining.

Successful candidates in the Administrative Trainee examination who present qualifications substantially above the minimum, particularly in experience, may be appointed at a salary above the minimum rate.

To qualify for this examination, applicants should be college graduates, preferably with specialization in business administration, accounting, political or social science, law or economics. Seniors may take the examination, but must present evidence of graduation before they are appointed.

Application forms and additional information may be obtained from the State Employment office on Columbia Street in San Diego.

BIG ACE

Continued from Page 1

is for housing the electric and power equipment. As you know, we will have 124 feet of frozen foods plus our huge refrigerators and other electrically operated equipment. Machinery for all of this will be housed in the basement."

The Lemon Grove market is the third in the Big Ace chain. A parking area for more than 300 cars will stretch along the front and west side of the building. The building itself will be completely air-conditioned and soft pleasant music will form a background for shopping.

Approximately 125 persons will be employed and the payroll alone will dump a million dollars a year into the Lemon Grove economy. The new market is designed to meet the food needs of 30,000 persons.

Population in Lemon Grove within the boundaries of the elementary school district is currently 16,500.

The REVIEW asked Mr. Banister for a progress report on the morning of Dec. 1 and this is what he said:

Dear Mr. Goodwin,

In reference to your recent inquiry concerning the progress to date on our Lemon Grove development, I am happy to make the following statements:

1. All grading has been completed.

2. 21,000 square feet of the Southeast part of the property has been black-topped.

3. The entire wall area is nearing completion.

4. The basement at the rear, which will house all the electrical motors, power and refrigeration units, has been completed.

5. All engineering for the 3-acre development has been completed, and Mr. Ries the general contractor states that in all probability the roof will be completed by January 1st, thereby concluding the external work of the project.

6. Installation of the huge 45 feet high front entrance sign is scheduled for installation in February, and at the same time, all black-topping of the balance of the property will be completed.

7. As a matter of public interest there will be an entrance to the property from all 4 bordering streets, Broadway, Olive, Pacific and Buena Vista.

We will be happy to continue to report on our progress from time to time upon request. We greatly appreciate the enthusiasm shown to us by the merchants and citizens in your Lemon Grove Community.

Very truly yours,

WOMAN'S CLUB NOTES

By MRS. FRED SCHENEMAN

It is noted with interest by Mrs. David Hentigan, president of the Lemon Grove Woman's Club and Mrs. H. Irving Vernier, board member of the Chamber of Commerce, that on November 24, 1928, which was 25 years ago Tuesday, the Lemon Grove Woman's Club and the local Chamber of Commerce held their first annual avocado dinner.

Mrs. Fred Wright, now the club's historian, was president of the organization which at that time was called the Forward Club of Lemon Grove.

Mrs. J. B. Pearce, secretary of the Chamber of Commerce, relates that this was the inception of the avocado grower's organization, some who sold their crops previously at the Coronado Hotel.

A more recent noteworthy event was the record-breaking attendance at last Friday's supper and card party. "Back patting" is again in order for Mrs. H. J. Warner and her committee of workers, Mesdames R. B. Hayhurst, Alta Lemke, R. A. Drollinger, Robert Castiglia, D. D. Dairsey, A. J. Henry, A. P. Schnell, L. D. Newton and Frank O. Barber.

Mrs. Huggett In "Star Wagon"

A Lemon Grove woman will have an important part in the San Diego Drama Guild's presentation of "The Star Wagon" on Friday and Saturday in Woodrow Wilson Auditorium. She is Louise Huggett, appearing as Hallie Arlington. Playing opposite her is Robert Trudo as Charles Duffy.

Mrs. Huggett will be remembered for her roles in such Guild productions as "Overtones," "The Palmer Way," and "Chicken Every Sunday."

Also from Lemon Grove and taking part in "The Star Wagon" are Pete Groesbeck, Anne Groesbeck, Walter Kimsey, Elizabeth Swain, Edward Lee, Jeanette Coburn, and Helen Perry.

Tickets are now on sale at the Palmer Box Office in Thearle's Music Store in San Diego.

Girl's Troop 863 Says 'Thanks'

Girl Scout Troop No. 863 of Monterey Heights entered into the Thanksgiving spirit by giving a Thanksgiving basket to a needy family.

At the troop meeting each girl brought a can of food and money from the troop dues was raised to purchase a roasting chicken. The girls decorated an apple basket with turkeys and orange paper.

Troop 863 enjoyed the feeling of giving at this Thanksgiving time and thank the sponsors, Monterey Heights Market and Mac's Meat Market for their kindness.

Higher Freight Rates Plague Shippers

As a result of a recent order by the Interstate Commerce Commission on California Intrastate Rail Freight rates, the State Public Utilities Commission has issued its order permitting a proposed 9% increase in rates for rail shipments within California which had before then been held by the ICC to be justified.

The 9% increase which will add to the burden of Lemon Grove shippers and receivers of freight is in addition to a 6% increase authorized in 1951. The increase will be in effect until December 31, 1955.

Licenses Available For County Deer Hunters

Permits for the special deer hunt in specified portions of San Diego, as well as Los Angeles and San Bernardino Counties will be issued Dec. 5.

The winter buck hunt will be held Jan. 2 to 17 and 500 permits for San Diego County will be distributed from the Department of Fish and Game office at 1005 W. Ash St., San Diego, starting at 8 a.m.

Applicants for special hunts must appear in person to obtain an application. They must present a valid 1953 hunting license. Permits cost $2.

Antonie Kallis Is Honor Student

An honor student was inadvertently left out of the list of 19 students who scored perfectly in a citizenship contest.

The student was Antonie Kallis, daughter of Mr. and Mrs. Felix Kallis, 2369 Cypress Ave.

Antonie, in addition to 18 other students, received perfect score or excellent rating from her teachers to make her eligible for membership in the Gold Club.

The contest was for seventh and eighth grade students at the Lemon Grove Junior High School.

No City Sales Tax For Grove Shoppers

Davis Attracts San Diego Shoppers, Too

Mary English lives in San Diego but she shops in Lemon Grove. The wife of Frank English, an upholsterer, who owns his own business at 3292 El Cajon Blvd., Mary has shopped at Davis ever since the store first opened.

The couple lives at 4398 Cherokee St. in San Diego and the name of the upholstery shop is Acme.

"We have lived in San Diego for 23 years," Mary said, "and I always liked Davis because of their meat specials in particu'ar but I also like everything in the store. I like generally the produce and the way it is displayed. Everything is so clean and neat and orderly."

The couple have one son, Michael, 15, who is at present attending school.

"It takes a lot of food to keep a youngster full and healthy," Mary said. "But we overcome most of our trouble by shopping at Davis."

Davis Market boasts a recently enlarged parking area which has access from three streets at present.

Christmas merchandise will go on display this week.—ADV.

"What this country needs is more people with cool heads and warm hearts, fewer with hot heads and cool hearts," according to Bob Lindley, our local pharmacist.

Late Helix Rally Trips Sweetwater. . . . Helix rallied for 15 points in the fourth quarter to defeat Sweetwater High, 47-41, in a non-league basketball game a few days ago in the Grossmont gym. With the score deadlocked at 32-32 at the end of the third period, forwards Bill Hire and Dick Stillings scored two baskets and center Jerry Mulder pushed in five free throws to spark the winning rally. High point scorer for Helix was Hire with a total of 12; Bill Johnson, Sweetwater, scored 15 for his losing team. Don Withem, Helix, made the first two points of Helix's Basketball season, and he also helped Helix make a fine showing in its first debut. Helix was underrated and was considered an underdog, too. (Ha! Ha!)

AAUW Music Section Previews Opening Grossmont Concert

The opening concert of the season of the Grossmont Community Concert Association, which presents Aldo Parisot, Brazilian 'cellist, will be previewed by AAUW Music Section, La Mesa Branch, Monday, 7:45 p.m. at Lemon Avenue School, La Mesa. This is the first of a series of four free concert previews and is open to the public.

'Cello selections will be played by Mary Lou Moore, 'cellist on the San Diego Summer Symphony, who will be assisted at the piano by Mrs. Amy Robinson, Concert Chairman of the Music Section. Mr. Harold Lutz, organizer of Grossmont Community Concert, will be commentator.

The opening concert of the Grossmont Community Concert series will be presented at the Grossmont High School Auditorium on December 18.

Sites Chosen For More District Hi-Schools

Unanimous agreement on two sites for future high schools in the Grossmont Union High School District was reached at a meeting of the committee on sites and population trends at Grossmont High School Monday night.

A 40-acre site in the Lakeside area, on Cajon Avenue near Woodside Avenue, was recommended to the trustees if a price adjustment could be made. The asking price is $90,000.

In the Casa d'Oro-Homeland area the committee recommended a 50-acre site on Sweetwater Blvd. near Campo Rd.

A complete report on its recommendations was made by chairman of the Grossmont sites committee, Max Goodwin, before the regular meeting of the Citizens Advisory Committee.

The Grossmont trustees who had tossed the latter recommendation back to the sites committee for further study indicated they would accept this recommendation as a mandate. The recommendation culminated a year of committee meetings and research.

Music Parents To Meet Monday

All parents of music students are urged to attend the next meeting of the Music Parents' Club to be held Monday, December 7th, at 7:30 in Room 1 of the Lemon Grove Junior High School. Preparations for the annual Christmas Concert will be discussed.

The entertainment for the evening will be provided by a double trio consisting of Thelma Buckingham, Sandy Perry, Carol Tyson, Sharon Cassell, Gloria Castellano, and Sondra Perkins, accompanied by Anna Lee Harlan.

Hostesses during the social hour will be Mrs. R. C. Taylor and Mrs. Leslie Cooper.

FRANK LLOYD WRIGHT, in-and-out Californian, made his publishers shudder in Chicago when, during an autographing party for his new book, he growled: "Books, books, books! Well, I suppose they're all right for people who have nothing to do." FORTNIGHT.

MIKE CONNOLY of the Hollywood reporter summed up the Hollywood scene in a conversation overheard at the Brown Derby: "We're a non-profit organization. We didn't mean to be but we are. — FORTNIGHT MAGAZINE.

GLORIA SWANSON (denying that she dislikes her graying hair): "I keep in mind that a certain amount of gray is essential in sable to make it expensive."

"Can't I have twenty lashes with a wet noodle, instead?"
